

Rule 26 Report of John Anderson

Exhibit

2 to Daubert Motion

My name is John David Anderson. I am an expert in Police tactics, use of force, deployment of Conducted Energy Weapons, deadly force and duty of protection. My curriculum vitae is attached hereto and incorporated herein by reference.

REVIEW OF EVIDENCE AND DETERMINATION OF FACTS

As a part of my evaluation of this case, I began with a review of pleadings and evidence. I have reviewed the following materials prior to giving this report:

- 1) Body cam videos of the subject incident from Officer Tripp's bodycam;
- 2) Body cam videos of the subject incident from Officer Spurgeon's body Cam;
- 3) Body cam videos of the subject incident from Officer Hancock's body cam;
- 4) Body cam videos of the subject incident from Officer Henderson's body cam;
- 5) Transcript testimony of Anthony Tripp;
- 6) Transcript testimony of Conner Spurgeon;
- 7) Transcript testimony of Scott Parker;
- 8) Transcript testimony of William Hancock;
- 9) Transcript testimony of Daniel Torres;
- 10) Autopsy report of Dr. Gaffney-Kraft of the Georgia Bureau of

Investigation;

- 11) Complaint filed by Plaintiffs;
- 12) Training materials for use of a Taser X26 CEW;
- 13) Downloads from the Taser X26 used by Officers Tripp and Spurgeon
In the subject incident;
- 14) Tift County Sheriff's Office written policies on Use of Force and Use
of Conductive Energy Weapons.

From the above materials, I understand the following facts to be involved in this case:

On April 24, 2019, Mr. James Aaron McBrayer was involved in a single vehicle accident. As a result of the accident, Mr. McBrayer received a head injury. The accident occurred on Hall Road in Tift County, Georgia in the area of his family's property.

Following the accident, Mr. McBrayer exited his vehicle and went onto his family's property. While on that property, he began to yell for help. His cries for help were heard by neighbors in the vicinity of the accident and the neighbors called in to 911 and reported that they heard someone crying out for help. 911 dispatched the Tift County Sheriff's office to the scene. The dispatch was given to Defendant Deputy Connor Spurgeon and Defendant Spurgeon went to the scene.

Upon arriving at the scene, Defendant Spurgeon found Mr. McBrayer's vehicle on the side of the road. Shortly thereafter, Ms. Angie McBrayer came to the scene, identified herself as Mr. McBrayer's ex-wife and began telling Defendant Spurgeon that Mr. McBrayer was involved in this collision and was in need of medical help.

While Defendant Spurgeon and Ms. Angie McBrayer were talking at the scene of the accident, Defendant Tripp pulled up and announced that he was in assistance to Defendant Spurgeon. Defendant Tripp stayed at the scene of the accident only a matter of a few seconds and then took off in his vehicle to find the person calling out for help.

After leaving the scene of the collision, Defendant Tripp found Mr. McBrayer at large farm out-building located on the property of Mr. McBrayer's family. Defendant Tripp pulled his vehicle up towards Mr. McBrayer with the headlights from the patrol car shining on Mr. McBrayer. There were no emergency lights engaged on Defendant Tripp's vehicle. At the time Defendant Tripp pulled up in his patrol car, Mr. McBrayer was squatted down in front of the building.

After Defendant Tripp exited his vehicle, Mr. McBrayer arose and went around the building to a backhoe that was parked next to the building. Mr. McBrayer was, at that time, obviously mentally disturbed and was shouting "Jesus" and "God help us". Defendant Tripp responded to Mr. McBrayer's actions by drawing his

X26P Taser weapon (which was manufactured and sold by the Defendant Axon) and pointing it at Mr. McBrayer and shouted back at Mr. McBrayer “Show me your hands, show me your hands now”. Defendant Tripp was also, at all times relevant, shining a high-powered flashlight at Mr. McBrayer. During this engagement between Mr. McBrayer and Defendant Tripp, Defendant Tripp radioed Defendant Spurgeon and summoned Defendant Spurgeon to the place where Mr. McBrayer and Defendant Tripp were located.

After Defendant Tripp radioed Defendant Spurgeon, Mr. McBrayer emerged from the backhoe and began to run away from Defendant Tripp. Defendant Tripp then yelled at Mr. McBrayer to stop and come to him. Mr. McBrayer then turned and ran toward Defendant Tripp. As Mr. McBrayer was running toward Defendant Tripp, Defendant Tripp discharged his Taser weapon, with the prongs from the Taser electricity wires piercing Mr. McBrayer in the chest area. Defendant Tripp then attempted four (4) separate, five-second in duration, electric discharges of the weapon.

After running by Defendant Tripp, Mr. McBrayer then went to his knees on the ground. Defendant Tripp continued to attempt to deploy his Taser weapon on Mr. McBrayer. Mr. McBrayer then rose up and again ran towards Defendant Tripp. Mr. McBrayer then went back down to the ground on his knees. At that point, Defendant Spurgeon came onto the scene and approached Mr. McBrayer from the

rear telling Mr. McBrayer to put his hands behind his back. Mr. McBrayer continued to yell non-sensical religious statements while on his knees. Defendant Spurgeon then pushed Mr. McBrayer face-first onto the ground and began to deploy his X26P Taser weapon (which was also manufactured by the Defendant Axon) in a “drive stun” fashion to invoke pain to Mr. McBrayer. Defendant Tripp then joined Defendant Spurgeon on the ground and the two of them attempted to force Mr. McBrayer’s hands behind his back to handcuff him.

During their effort to put handcuffs on Mr. McBrayer, Defendants Spurgeon and Tripp kept Mr. McBrayer face down in the dirt for approximately six (6) to seven (7) minutes, most of which time they had their hands and Defendant Tripp’s knee on the back of Mr. McBrayer’s neck and chest. After getting the handcuffs on Mr. McBrayer, Defendants Spurgeon and Tripp continued to press Mr. McBrayer face down in the dirt for an additional three to four minutes, again with their hands, and at times, Defendant Tripp’s knee on Mr. McBrayer’s back while other officers put a “hobble” strap on Mr. McBrayer’s legs. During this nine-minute period of time with Mr. McBrayer face down in the dirt and Defendants Spurgeon and Tripp pressing down on Mr. McBrayer’s neck and chest, Mr. McBrayer went from constantly yelling non-sensical religious statements to near-completely silent for the last minutes.

After approximately nine (9) to ten (10) minutes face-down in the dirt, Defendant Tripp and other assisting deputies picked Mr. McBrayer up by his legs and his arms which were handcuffed behind his back and loaded Mr. McBrayer horizontally into the back seat of a patrol car. **Mr. McBrayer appears to be unconscious and unresponsive at this time.** Prior to placing him in the patrol car, the officers did not turn Mr. McBrayer over or check on his breathing or health condition. **No effort was made by the deputies to properly place Mr. McBrayer in the recovery position or any other position that would prevent asphyxiation.** During the process of picking Mr. McBrayer up and loading him into the back seat of the patrol car, Defendant Tripp noticed that Mr. McBrayer had gone “limp” and was not speaking.

From the videos, the officers did not roll Mr. McBrayer over and check on his medical condition before putting him in the back seat of the patrol car.

Four minutes after Mr. McBrayer was placed in the back of the patrol car, Officer Tripp directed Officer Hancock to “check on him and make sure he is breathing and all that” and told other officers “yeah, he was limp when we put him in”. At 5:20 on Officer Hancock’s bodycam video, Officer Hancock opens the driver’s side rear door and shines his light on Mr. McBrayer in the back seat. Officer Hancock’s “check” on Mr. McBrayer lasted 10 seconds during which time Officer Hancock says “hey you still here man?” Officer then pushes Mr. McBrayer’s

shoulder and closes the patrol car door. During the few seconds that Officer Hancock's flashlight is shining on Mr. McBrayer's face, I could not see any evidence that Mr. McBrayer was breathing. **At no time did I see the officer actually check McBrayer's pulse.** In fact, there were granules of dirt on the seat just in front of Mr. McBrayer's nose and mouth that were not moving during Officer Hancock's "check". At 7:10 on Officer Hancock's bodycam video, Officer Hancock walks back to the door and shines his flashlight through the door window onto Mr. McBrayer. Officer Hancock then turns away from the door and window at 7:16. During the six seconds of this "check", I could not see any evidence that Mr. McBrayer was breathing. At 8:13 on Officer Hancock's bodycam video, Officer Hancock again shines his flashlight through the back door window onto Mr. McBrayer. This time he was further back from the car than he was when he shined the flashlight at 7:10. Officer Hancock holds the flashlight on Mr. McBrayer for six seconds between 8:13 and 8:19 and, again, there was no indication that Mr. McBrayer was breathing during those six seconds. At 9:12 on Officer Hancock's bodycam video, Officer Henderson and Tripp walk towards the back door of the patrol car but do not appear to look in on Mr. McBrayer. At 9:21, Officer Hancock again shines his flashlight through the window for four seconds but is too far from the door for me to be able to tell whether Mr. McBrayer was breathing.

At about 9:28 on Officer Hancock's bodycam video, an EMT walks up to the rear of the patrol car in which Mr. McBrayer had been placed. At 9:37 on Officer Hancock's bodycam video, I could see Officer Henderson walk up to the door and shine his flashlight into the back seat for six seconds and then, at 9:43, Officer Henderson begins to open the back door. At 10:00 Officer Tripp can be seen coming up behind Officer Henderson and watches what is going on. At 10:04, Officer Henderson begins to reach in to touch Mr. McBrayer for the first time in three minutes. At 10:17, Officer Tripp steps in and appears to check Mr. McBrayer. At 10:26, Officer Tripp emerges from the car and states "yeah, he's still got a heart rate, still got a pulse."

At 10:47 on Officer Henderson's bodycam video, an EMT comes to the open patrol car door and looks in on Mr. McBrayer. At 11:27, the EMT begins to pull Mr. McBrayer out of the patrol car. As he is pulling on Mr. McBrayer, it is obvious from the video that Mr. McBrayer is limp and not responding to anything that is going on around him. According to the EMS report, the deputies at the scene could not give EMS a time on which Mr. McBrayer was last seen breathing.

STATEMENT OF OPINIONS

Upon review of the pleadings and evidence in this case, I have formed the following opinions:

1) On approach to Mr. McBrayer, Officer Tripp was faced with what is known as a “Tier 1” encounter with Mr. McBrayer. The basis of this opinion was the admission of Officer Tripp in sworn testimony that he had no reason to suspect a crime had been committed by Mr. McBrayer.

2) On approach to Mr. McBrayer, Officer Tripp used excessive force when he made an attempt to detain Mr. McBrayer and then deployed his Taser X26 weapon at Mr. McBrayer. The basis of this opinion is that Officer Tripp demonstrated on his body cam video extremely aggressive tactics towards Mr. McBrayer and discharged his Taser X26 weapon at Mr. McBrayer while Mr. McBrayer was making a proportional response to Officer Tripp’s acts of aggression.

3) Officer Tripp used excessive force on Mr. McBrayer when he intentionally targeted Mr. McBrayer’s chest in deploying his Taser X26 weapon at Mr. McBrayer. The basis of this opinion is Officer Tripp’s sworn testimony that he intended his Taser deployment to strike Mr. McBrayer in the chest.

4) Officer Tripp’s deployment of his Taser X26 weapon violated fundamental standards of conduct in the use of a Taser weapon as I outline below. Officer Tripp admitted in his body cam video that he believed Mr. McBrayer was “on something”. It was later determined by the GBI medical examiner that Mr. McBrayer was suffering from a condition known as “Excited Delirium” as demonstrated by his bizarre behavior. Training and use materials for the Taser X26

weapon clearly inform an officer that deploying the CEW weapon on a person suffering from conditions such as “Excited Delirium” significantly increases the risk of serious injury or death. Officer Tripp deployed his weapon with no regard for that warning which evidences the fact that Officer Tripp did not understand what “Excited Delirium” is nor the effects of a deployed CEW weapon on a person with that condition or he did understand that warning and deployed the weapon with complete disregard of his training.

The Tift County Sheriff’s Office had, at the time of this incident, a policy pertaining to Use of Force and to use of Conductive Energy Weapons such as a Taser X26 weapon. The Use of Force policy specifically provides that reasonable force may only be used:

- 1. When necessary to preserve the peace, prevent commission or offenses, or prevent suicide or self-inflicted injury.*
- 2. When preventing or interrupting a crime or attempting crime against property.*
- 3. When making lawful arrests and searches, overcoming resistance to such arrest and searches, and preventing escapes from custody.*
- 4. When in self-defense, or defense of another against unlawful violence to his person.*

There is no evidence in this case that Mr. McBrayer was committing any crime and was not demonstrating any signs of suicide or self-inflicted injury. Officer Tripp’s conduct when approaching Mr. McBrayer clearly provoked Mr. McBrayer’s

response and Officer Tripp demonstrated to Mr. McBrayer his intent to detain him in violation of the rules established for Tier 1 encounters. The first criteria for use of force did not exist in this case.

There is no evidence that Mr. McBrayer was attempting to commit a crime. The second criteria does not exist in this case.

Officer Tripp had no grounds for making an arrest or taking Mr. McBrayer into custody. The third criteria did not exist in this case.

Officer Tripp was not defending any third person from unlawful violence. As to his own alleged self-defense, the standards by which any law enforcement officer is required to conduct himself or herself provide that the officer cannot claim self-defense when the Officer is the initiating aggressor. A properly trained officer is required to know what a Tier 1 encounter is and, in a Tier 1 encounter, a person is allowed to flee from the officer and, if the officer initiates aggression, respond with proportionate aggression. Officer Tripp did not have any grounds under the Sheriff's Office written policy to use any force against Mr. McBrayer.

The Tift County Sheriff's Office policy on use of CEW weapons provides as follows:

Use of the TASER M26/X26 under the following circumstances is prohibited, unless exigent circumstances are present:

- a) Against handcuffed subjects;*
- b) Against subjects fleeing on foot;*
- c) At or from a moving vehicle;*
- d) Against subjects known to be pregnant;*

- e) Against children less than 14 years of age and/or weighing less than 90 pounds;*
- f) Against subjects who are visibly elderly or physically disabled and/or suffering from a debilitating illness;*
- g) Against subjects with known neuromuscular disorders such as multiple sclerosis, muscular dystrophy or epilepsy;*
- h) In a situation where deadly force is clearly justifiable unless another officer is present and capable of providing deadly force to protect the deputies and/or civilians as necessary.*

The TASER M26/X26 will not be used under the following circumstances:

- a) For coercion or intimidation;*
- b) To escort or prod subjects;*
- c) To awaken unconscious or intoxicated subjects;*
- d) Against subjects who are offering only passive resistance;*
- e) When the employee knows the subject has come in contact with flammable liquids or is in a flammable atmosphere;*
- f) When the subject is in a position where a fall may cause substantial injury or death;*

*In preparation of firing, when reasonable, the TASER M26/X26 shall be pointed in a safe direction, taken off safe and then aimed. **Center mass of the subject's back is the primary aiming point and center mass of the chest or legs are secondary targets.***

Use of the "Drive Stun" is discouraged except in situations where the "probe" deployment is not possible. If initial application is ineffective, deputy will reassess situation and consider other available options.

Deputies shall evaluate all subject against whom the TASER M26/X26 has been deployed, and shall provide emergency medical treatment if needed or requested.

Subjects who do not appear to be fully recovered within 10 minutes after being tased shall be evaluated by medical personnel.

It should first be noted that the Tift County Sheriff's Office policy on use of CEW weapons is, in part, in direct conflict with the User Instructions provided by Taser in effect in 2018 and 2019. The User Instructions specifically provide that the preferred

target areas are below the neck area for back shots and below the chest for front shots. Taser explains that the preferred target areas increase dart-to-heart distance and reduce cardiac risks. The Sheriff's Office policy identifies center mass of the chest as a secondary target. Center mass of the chest should never be the primary or secondary target.

From Officer Tripp's body cam video, it is clear that Officer Tripp deployed his Taser weapon while Mr. McBrayer was running. Running increases heart rate which makes the use of the Taser weapon more dangerous to deploy. Moreover, there are no exigent circumstances present to warrant the deployment of the Taser weapon while Mr. McBrayer is running. On the video, Mr. McBrayer runs towards Officer Tripp but then stops, begins swatting and then turns and runs to Officer Tripp's left. Mr. McBrayer's running movements are obviously clumsy and Officer Tripp appears on video to be more than capable of defending himself without the use of a Taser weapon. Officer Tripp violated his department's policy on deploying a CEW on a person who is running.

Officer Tripp also violated his department's policy by deploying his Taser weapon when Mr. McBrayer was initially demonstrating only passive resistance. At the beginning of the encounter, Mr. McBrayer is hiding behind a backhoe and simply not complying with Officer Tripp's shouted commands to "come here, show me your hands". Before Mr. McBrayer made any move, Officer Tripp already had his Taser

weapon drawn on Mr. McBrayer and was shining a high-beam flashlight at him. These aggressive moves by Officer Tripp are no small matters. It is clear from the video that Officer Tripp's aggressive voice, use of the flashlight and a drawn Taser weapon caused, or at least contributed to, Mr. McBrayer's response.

Even if there is disagreement about Officer Tripp's above violations of department policy, there can be no dispute that he violated the department policy on post-deployment procedure. The Sheriff's Office policy on use of CEWs provides that the officer *shall* evaluate the person after deployment and, if the person has not fully recovered within 10 minutes of deployment, *shall* be evaluated by medical personnel. Officer Tripp's body cam video shows that Mr. McBrayer was held on the ground for eight minutes and 49 seconds before he was then lifted up by his arms and legs and placed horizontally into the back seat of the patrol car where he lay for another three minutes and 51 seconds before Officer Hancock first looked in on Mr. McBrayer to see if he was alive. The EMS report documents that EMS was not advised of Mr. McBrayer's condition when they first arrived. The report says that they were only advised of the injured deputy. Chief Cayton was then advised by the deputies that Mr. McBrayer was "passed out" in the back seat of the patrol car. When Chief Cayton took it upon himself to check Mr. McBrayer, he found Mr. McBrayer unresponsive and not breathing. This was approaching nearly fifteen (15) minutes after the last tasing and was more than twenty (20) minutes after Officer

Tripp first tased Mr. McBrayer. Officer Tripp and the other officers did not comply with the departmental policy on evaluating and treating Mr. McBrayer after the tasings.

5) Officer Spurgeon used excessive force on Mr. McBrayer when he deployed two (2) “drive stun” tasings on Mr. McBrayer with his Taser X26 weapon. Officer Spurgeon’s body cam video shows that, when Officer Spurgeon drove up to the scene where Mr. McBrayer and Officer Tripp are located, Officer Spurgeon radios in “one tasered, one tasered”. (2:41 on the video). Therefore, it is clear that Officer Spurgeon knew even before he approached Mr. McBrayer that he had been tasered at least one time. Officer Spurgeon then proceeds to engage Mr. McBrayer in a physical altercation and then “drive stunned” Mr. McBrayer twice while he was on the ground. In his deposition, Officer Spurgeon agreed that anything over three cycles is excessive, that when he “drive stunned” Mr. McBrayer twice he knew that Officer Tripp had tased him but did not know how many times and that, based on the downloads from the two Taser weapons, if they deployed a total of six cycles, that would be excessive.

6) Officer Tripp’s failure to evaluate and render medical aid to Mr. McBrayer was unreasonable. In both the body cam video and in sworn testimony, Officer Tripp admitted that, when he and other officers lifted Mr. McBrayer to put him in the back seat of the patrol car, he noticed that Mr. McBrayer went limp and

appeared to be unconscious. It is also clear from all of the body cam video that, while in the back seat of the patrol car, Mr. McBrayer was unconscious and non-responsive. Officer Tripp, however, testified that he assumed Mr. McBrayer was “passed out” from whatever intoxicant he was allegedly on. Unconsciousness is a very serious medical condition. Especially after having been tased several times and engaged in a serious physical altercation (not to mention involvement in an automobile accident), an unconscious and non-responsive person presents a serious medical situation. At the very least, Mr. McBrayer should have been rolled over and attempts made to resuscitate him should have been commenced. It is incomprehensible that a properly trained law enforcement officer would just assume an unconscious and non-responsive person is just “passed out” from an alleged intoxication. There is absolutely no legitimate law enforcement interest in putting an unconscious, restrained person in the back seat of a patrol car without first assessing the medical condition of the person. In fact, if a restrained person is taken to a jail facility and is unconscious upon arrival, standard procedure for any jail facility is to refuse custody of the prisoner and the arresting officer(s) is/are directed to take the prisoner directly to the hospital unless trained medical staff is immediately available.

7) Officer Henderson was the supervising officer on the scene. In fact, it was his patrol car that officer Tripp and others put Mr. McBrayer in. When Officer

Henderson arrived at the scene, it was his job to take charge of the scene, supervise and command the officers at the scene to ensure that they perform their duties in a lawful manner. Officer Henderson's bodycam video begins with Mr. McBrayer on the ground and Officer Spurgeon being assisted up. When Officer Spurgeon is moved from Mr. McBrayer, you can see Officer Tripp with both his hand and knee on Mr. McBrayer's back holding Mr. McBrayer down on the ground. Officer Henderson then watches Officer Tripp and two other officers pick Mr. McBrayer up by his arms that are handcuffed behind his back and his legs and take Mr. McBrayer directly to the car and slide Mr. McBrayer into the back seat of the patrol car face down. Officer Tripp then says to Officer Henderson "he's on something". Henderson then responds "OK I am sure he is". Tripp then replies "I know he is, he's got white foam around his mouth". Officer Henderson then asks Officer Tripp if he is alright but does not ask if Mr. McBrayer is all right. Tripp responds that he is OK and then hands Officer Henderson Mr. McBrayer's shoe that was picked up from the ground. Officer Henderson then walks around his patrol car, opens the rear door and tosses the shoe in on Mr. McBrayer. Officer Henderson does nothing to assess Mr. McBrayer's condition and quickly shuts the car door after tossing the shoe in. Officer Henderson then walks over to a car with a lady in it and begins to talk to her. Officer Henderson comments to the lady that "he is in no condition to tell us what is going on because he is on something". Finally, over eight minutes

after Mr. McBrayer is put in Officer Henderson's patrol car, Officer Henderson walks over to the rear door of his patrol car and shines his flashlight into the rear window to observe Mr. McBrayer. He looks through the window with his flashlight for approximately five seconds, then opens the door and looks in for another thirty-three seconds. During that time, he shakes Mr. McBrayer and Mr. McBrayer shows no sign of response. Officer Henderson then steps back and lets Officer Tripp look in. Officer Tripp puts his hand on Mr. McBrayer for a couple of seconds and then steps back and announces that "he's still got a pulse". Officer Henderson then walks towards the back of the patrol car where the EMT is standing and says "he's passed out on the back seat, he's on something" and then giggles. After the EMT looks in on Mr. McBrayer and begins to pull Mr. McBrayer out of the patrol car, Officer Henderson gives the first command at the scene by telling the other officers to open the other rear door to release the leg strap. After the EMTs get Mr. McBrayer on the stretcher, Officer Henderson gives the second and last command on the video when he tells the officers to unlock the handcuffs. Officer Henderson then makes a phone call to an unknown person and says "they're fixin to take old McBrayer to the hospital and uh they're going to rush him, he ain't breathing right now it don't look like and uh so they working on him right now. All right all right bye". Officer Henderson then gathers up the officers on the scene, says "hold on" and his video then ends.

Officer Henderson's supervision of this scene was far below the standard of conduct expected of a supervising officer. When he saw his officers holding Mr. McBrayer face down on the ground with their knees and hands on Mr. McBrayer's back, his job required him to command the officers to get off of Mr. McBrayer, roll him over and assess him for medical needs. He did not do that. Then, when he saw them put Mr. McBrayer handcuffed and face down in the back seat of the patrol car, his job required him to command his officers to make sure that Mr. McBrayer was breathing and responsive to stimulus. He did not do that. Then, when Officer Henderson began searching the scene with his flashlight, he saw evidence that at least one taser had been deployed. His job required him to determine from his officers how many taser deployments were made, how long ago they were made and he was then required to use that information as the basis of his command to have Mr. McBrayer removed from the rear seat of the patrol car and have the officers make sure Mr. McBrayer was breathing and responsive. Tift County Sheriff Office written policy requires tasered persons to receive medical care if they do not respond within ten minutes of being tasered. It is a cardinal rule that law enforcement officers do not put unconscious detainees in a patrol car. If they are unconscious, they are to remain out of the car until they receive appropriate medical care. Resuscitation efforts cannot be made on an unconscious, handcuffed person lying in the back of a patrol car. Officer Henderson did not make this happen. Then, Officer Henderson

walks away from the scene for several minutes to talk to the lady in the car. By doing this, he leaves the scene and loses command of his officers.

CONCLUSION

The above opinions are based on the evidence that I have reviewed thus far. As additional evidence becomes available, I reserve the right to amend these opinions or offer additional opinions.

I have not given testimony through deposition or trial in a civil matter during the previous four years.

My company C. Anderson and Associates, LLC has been compensated \$7,000 for the work performed by myself and Mr. James Reynolds through the provision of our Rule 26 reports. Following this report, our billable rate for myself and Mr. Reynolds is \$100 per hour.

This 20th day of February, 2022.

(Appendix A)

2005-2018 Anderson & Associates: Public Safety Consulting Services

2014-2016

International Instructor & Project Manager

I teach management, law enforcement, public safety, and occupational health and safety classes to personnel in the Abu Dhabi region of the United Arab Emirates. The majority of the courses I teach are Use of Force and Firearms courses along with Intelligence Gathering, Hostage and Terrorist Negotiations, and Responding to Critical Incidents. I also teach management and occupational health and safety classes to various industry partners and provide OSH consultation. My employment in this role is as a sub-contractor so I have worked under several Institutes. My primary assignment is as the Counter-Terrorism Project Manager and Chief Instructor for one of the leading Institutes in the UAE.

2005-2015

Consultant: Irwin County Detention Center

The ICDC is a 1201 bed facility specializing in the short term housing of federal inmates and detainees in the custody of the U.S. Marshals Service and Immigration & Customs Enforcement. I was initially hired as a trainer and Management Consultant. I served as a Federal Compliance Monitor & as the Director of Training & Special Investigative Services. I also served as needed as an Internal Affairs Investigator, Intelligence Officer and PREA/Sexual Assault Investigator. I also previously served as the Special Operations Coordinator. As the Federal Compliance Monitor I was responsible for ensuring the facility and staff operated within all applicable federal and state guidelines and regulations. Applicable regulations came from OSHA, EPA, EEOC, USDOL, USMS, DHS ICE, GA POST, and others. I also managed the agency's Environmental, Health & Safety Program.

2014

Corporate Management Coach: SAFT

SAFT is the world's leading designer and manufacturer of advanced-technology batteries for industry. As a corporate management coach I worked with the managers in an effort to improve their daily performance and interactions with union staff and to improve the overall work environment.

2012-2014

Training Coordinator & Consultant: Eagle Advantage Solutions

EAS is a law enforcement computer software company offering digital records management and jail management software programs for law enforcement agencies. As a Training Coordinator and Consultant I delivered end user training to law enforcement agency personnel throughout Georgia and Tennessee and worked with agency managers to determine the best way to integrate existing procedures with the software. As a consultant I made sure clients understood how to use data and software to facilitate intelligence lead policing efforts.

2014-2016

Chief Deputy & Consultant, Telfair County Sheriff's Office

I served as the Interim Chief Deputy for the newly elected Sheriff of Telfair County (12/2013 to 06/2014). I assisted with ensuring a smooth transition and setting up modern policies and procedures for operating the Sheriff's Office. I managed the overall day to day operations of the Sheriff's Office and Jail. I assisted with phasing in new investigators and drug agents while also assisting them with creating new criminal

chief.jdanderson@gmail.com

intelligence networks. I still serve the Sheriff as a special deputy with the rank of Major during crisis situations and major investigations.

2014

Safety Director: Modern Dispersions South Inc.

MDSI is a thermoplastics compounder with manufacturing locations in Georgia and Massachusetts. As the Safety Director I was responsible for redesigning and delivering all OSHA safety related training, conducting accident and incident investigations, improving company safety measures, coordinating the Drug Free Workplace Program, and maintaining and enforcing all company policies and procedures related to safety and environmental operations. I also served as the Chief of Security.
